

MARKET INSIGHT - WASHINGTON, D.C.

DISTRICT OF COLUMBIA SOLAR OPPORTUNITY

D.C. announced a 100% Renewable Portfolio Standard ("RPS") goal by 2032, 10% of which must be solar. Through that RPS a lucrative incentive market for renewable energy was born. Solar Renewable Energy Credits (SRECs) can be monetized by BioStar Renewables to significantly lower the cost of power sold through Power Purchase Agreements (PPAs), boosting savings for the end user.

OUR PARTNERS INCLUDE:

- Landowners with long-term land leases
- Building owners with long-term roof / ground leases
- Tenants with long-term energy contract

TARGET MARKETS:

- Commercial / Industrial
- Government
- Low-income Designated

BENEFITS OF SOLAR IN D.C.:

- Up to 50% off energy costs years 1 - 3 for end users
- BioStar can provide financial compensation for unused roofs and land
- Zero up-front capital required
- Long-term savings opportunities

WHO WE ARE

BioStar Renewables is a full-service, clean energy company dedicated to ensuring a low-carbon future. We provide complete financing options to our customers, as well as turnkey engineering, procurement and construction of renewable energy solutions. BioStar sells power and operates energy assets for public and private customers, including schools, retirement communities, commercial and industrial clients and municipalities. Our best partnerships help customers achieve their environmental and sustainability goals by driving costs out of their business, while outperforming peer group competitors.
