

MARKET INSIGHT - PENNSYLVANIA

PENNSYLVANIA SOLAR OPPORTUNITY

Pennsylvania Act 213 The Alternative Energy Portfolio Standards Act of 2004 (AEPS) was enacted to provide economic development opportunities by increasing the mix of alternative electricity generation in Pennsylvania. SB600, which is currently sitting in the house legislature will expand upon AEPS significantly and will likely flood the PA solar market with new projects of all sizes.

BENEFITS OF SOLAR IN PA INCLUDE:

- Current incentive program helps reduce energy rate to end user
- State incentives allow for significant energy savings
- Offset consumption with clean renewable energy

**ZERO UPFRONT CAPITAL
INSTANT SAVINGS**

BIOSTAR IS LOOKING FOR PARTNERS THAT:

- Want to save cash on utilities
- Have >50k sq. ft. of usable roof space or land
- Want to add income streams to their business via energy savings, leasing available space, or both!

WHO WE ARE

BioStar Renewables is a full-service, clean energy company dedicated to ensuring a low-carbon future. We provide complete financing options to our customers, as well as turnkey engineering, procurement and construction of renewable energy solutions. BioStar sells power and operates energy assets for public and private customers, including schools, retirement communities, commercial and industrial clients and municipalities. Our best partnerships help customers achieve their environmental and sustainability goals by driving costs out of their business, while outperforming peer group competitors.
