

MARKET INSIGHT - VIRGINIA

VIRGINIA SOLAR OPPORTUNITY

The Virginia Clean Economy Act was passed in April of 2020 and created the Commonwealth's first Clean Energy Standard, putting Governor Ralph Northam's pledge to transition our electric grid to 100% clean energy by 2050 into Virginia law. This legislation provided expansion of Net Metering caps and set aside 35% of its goal for private solar project development.

BENEFITS OF SOLAR IN VA INCLUDE:

- Offset consumption with clean renewable energy
- Reduction in GHG emissions to improve ESG score by retiring RECs
- Known costs for your electricity costs for the entire contracted term

**ZERO UPFRONT CAPITAL
INSTANT SAVINGS**

BIOSTAR IS LOOKING FOR PARTNERS THAT:

- Want to save cash on utilities
- Have >50k sq. ft. of usable roof space or land
- Want to add income streams to their business via energy savings, leasing available space, or both!

WHO WE ARE

BioStar Renewables is a full-service, clean energy company dedicated to ensuring a low-carbon future. We provide complete financing options to our customers, as well as turnkey engineering, procurement and construction of renewable energy solutions. BioStar sells power and operates energy assets for public and private customers, including schools, retirement communities, commercial and industrial clients and municipalities. Our best partnerships help customers achieve their environmental and sustainability goals by driving costs out of their business, while outperforming peer group competitors.
